

Foam Extra

Car Wash Foam Booster

Product Description:

FOAM EXTRA is a superior, high-foaming, highly active liquid foam booster formulated to enhance foam generation in vehicle wash applications. Designed for use in brush-type rollover systems, high-pressure automatic tunnels, and self-service car wash facilities, FOAM EXTRA increases foam density and stability to provide excellent surface coverage and an impressive visual presentation. Its concentrated formulation can be used with compatible car wash detergents to achieve the desired level of foam performance. Produces a rich, dense foam for maximum surface coverage.

Product Benefits:

- Superior high-foaming liquid additive
- Increases foam density and stability
- Produces a rich, long-lasting foam blanket
- Enhances the visual presentation of the wash process
- Improves foam cling to vehicle surfaces
- Suitable for automatic and self-service car wash systems
- Compatible with brush-type rollover and high-pressure tunnel equipment
- Concentrated formula for economical dosing
- Easily adjusted to achieve the desired level of foaming

Application: Suitable for use in:

Brush-type rollover car wash systems
High-pressure automatic tunnel washes
Self-service car wash facilities

Dose at a dilution suitable for the car wash equipment and the level of additional foam required. For best results, dispense via a dual-port venturi dispensing system. Refer to the Safety Data Sheet for handling and safety information.
Code: 332320-20T
