

Friction Musk

Slip Resistant Floor Cleaner

CLEAN. MAINTAIN. REDUCE SLIP RISK.

A heavy-duty floor cleaner designed to clean and maintain floor surfaces while leaving them with slip-resistant characteristics.

WHY FRICTION MUSK?

- Helps increase the coefficient of friction of the floor surface
- Helps reduce the risk of slip and fall accidents, particularly when floors are wet
- Powerful enough to tackle grease and dirt
- Leaves no alkaline residues that can create slippery soaps
- Suitable for existing cleaning methods
- Can be used on sealed and unsealed floors
- No special equipment required
- Can be used with hot water in areas affected by heavy oil and grease
- Compatible with SUPA SEAL, ARMOUR and HI TECH 3000 floor sealing systems

EASY TO USE

Mopping:

15 mL per litre of warm water

Automatic Scrubbing:

12 mL per litre of warm water

Trigger Spray / Spray Buffing:

1 part FRICTION MUSK to 10 parts cold water

BUILT INTO YOUR NORMAL CLEANING ROUTINE

FRICTION MUSK isn't a one-off permanent treatment. It fits into your existing floor-cleaning routine, with improvements in floor safety from the first application. Four to five applications are recommended before the best results are achieved.

FOOD SAFETY

When used according to the directions in the Technical Bulletin, FRICTION MUSK complies with recognised food safety parameters for its intended cleaning use.

FRICTION MUSK

Clean floors. Better traction. Safer working surfaces.
